TITLE INDEX

Abstracts of publications by RN Medical and Dental Officers 14, 80

Antithrombin III and its clinical application. The determination of 147

Asbestos in dockyard workers at Portsmouth. A radiological follow-up study of the effect of 63

Book Reviews 39, 100, 174

Calcium absorption and excretion and in serum Vit D3 levels measured in black-skinned and caucasian males. UVL induced changes in 75

Colitis — colonoscopy and biopsy in diagnosis. Transient ischaemic 15

Decompression illness in the Royal Navy. Treatment of air or oxygen/nitrogen mixture 53

Diagnosis. Case report of a difficult 26

Earthquakes. The biochemistry of 171

Editorials 3, 51, 119

Flight deck officer. The 89

Fractures of the upper end of the femur. Fatigue 131

Genioplasty: the horizontal osteotomy 140

Harvey of the Téméraire: A distinguished kinsman of William Harvey. Admiral Sir Eliab 153

Hunger strike. A personal experience of a naval 33

Hysterectomy. Blood loss during abdominal 5

Intestinal ^{47}Ca absorption. The influence of glucose and crude fibre (wheat bran) on the rate of .. 143

James, 1631-32. The dangerous voyage of Captain Thomas 93

Joint Services Hovercraft Expedition to the River Kali Gandaki, West Nepal. Exercise Kali Cushion 81

Letters to the Editor 38, 99

Lightning — the effects upon the men and the ships of HM Navy. Struck by 79

165

Mandibular cyst. Chance discovery of 79

Naval practice considered. A 10

Posthitis Xerotica Obliterans 136

Service News 43, 106, 180

Shrapnel injuries in children 20

Submucous resection: The treatment of choice in the nose-ear distress syndrome 123

Surgeon. The Sailor's 35

Thyroid dynamic studies in nuclear medicine. A comparison of two quantitative methods of analysis 29
